

CDM: Audio Grading Rubric
2/24/2016

The audio portfolio is worth 15% of your semester grade, or 15 points. The soundscape is worth 5 points, the reflection another 5, the tutorial 2.5, and the preview 2.5.

Here's what I'm specifically looking for in your soundscape:

	1 point	.5 points	0 points
Length	3-4 minutes	5-30 seconds over or under	More than 30 seconds over or under
Source Material	75% or more produced by you/classmates	Less than 75% produced by you/classmates	Little/no material produced by you/classmates
Layering	4+ layers used successfully to a particular effect	4+ layers used less successfully	No moment with 4+ layers
Place	Sounds clearly convey a sense of place	Connection to place less clear	No connection to place
Pacing	Soundscape has an effective shape or progression, with moments of higher and lower tension	Soundscape hints at a shape or progression	Soundscape has no discernable shape or progression

Here's what I'm specifically looking for in your reflection:

	1 point	.5 points	0 points
Length	At least 500 words	10-100 words under	More than 100 words under
Screenshots	3 or more, one showing me a moment with 4 layers	1-2	0
Screenshot Descriptions	You clearly explain the composing your screenshots show	Explanations are less clear	There are no explanations
Thoughtfulness (worth 2 points)	Reflection written with care and insight	Reflection provides some insight into your video	Reflection fails to substantially engage with your video
